Plus20

PALM OIL

Free from allergens

Plus20 is a new and unique brand designed to suit the fryer who uses and prefers palm oil and can last more than 20% longer than standard palm oils. Call 08452 505605 to try a free sample!

Plus20 Advantages:

- Can fry at high temperatures and remain stable.
- Produces a crisp and dry product without affecting the flavour.
- Longer lasting, so using less oil saves the fryer money.
- The extended life gives a more consistent colour since the same oil is used for longer.
- Less packaging to dispose of.
- Great for slow trade where oil is held at temperature for longer or heated and cooled more which may cause some other oils to breakdown more quickly.
- Better for busy shops who need a more stable and durable oil.
- Free from additives, allergens and GM material.

*Entries must be received by 31st August 2017. One lucky frier will be selected at random from all entries received. Competition winners name may be published in trade press and relevant websites. Prize is non-transferable and there is no cash alternative.
