

LARGE BAGASSE TRAY COMPOSTABLE MCTL500

Pack Size: 500

Details: Light weight, smooth walled, bagasse trays suitable for food use. Bagasse trays are made from natural non-wood fibres such as bamboo, sugarcane and reed which are renewable and sustainable resources. Bagasse trays are an economical and environmentally friendly alternative to traditional polystyrene food trays.

Please note that whilst every care is taken to ensure the accuracy of the product ingredients, allergens and other data it should not be relied upon. Ingredients and recipes do change and the label should always be checked for the latest information.

Please contact the T. Quality Telesales Team for further information should you have any queries.
